Sub: Letter of Appreciation

Dear Nikunja and Dharmaraj,

I would like to take this opportunity to express my heartfelt thanks to you for your very active and aggressive role in our recent upgrade to the latest version of Lotus Notes and Domino Infrastructure spread across the country. The IT Manager and our management have also asked me to pass on their sincere appreciation for your efforts in supporting us in this important project.

Your skills and speed in deployment and application of corrective measures to get rid of the issues, which SHCIL's messaging system had are noteworthy. Your approach and attitude towards the goal of completion of project within deadlines was very much appreciated by our management and technical persons handling the HUB locations. Also the project planning skills exhibited and extra effort put by you during data center shifting from Vikhroli to Mhape which allowed seamless business function was a wonderful experience.

On both a professional and a personal level, I really appreciated the time that we were able to spend together for fun and reflection during project down times. I certainly learned a lot about the unique aspects of messaging infrastructure pertaining to our organization.

Again, thanks so much for your enthusiastic participation in our project. I have no doubt that it would not have been the success that it was without your presence.

Very sincerely,

Mr. Micheal Dsouza
Asst. Manager - IT
